Minotti

DYLAN RODOLFO DORDONI DESIGN

Struttura: sedile in legno multistrato con rinforzi in metallo. Preparazione della struttura in poliuretano espanso a quote differenziate ad alta densità e cinghie elastiche, ad alta componente di caucciù, per garantire un maggiore comfort alla seduta.
Braccioli e schienali realizzati in legno multistrato, rivestiti con poliuretano espanso a quote differenziate, successivamente rivestiti con trapuntino di fibra di poliestere termolegata traspirante accoppiata con tela di cotone bianca.
Tutti i materiali impiegati per la realizzazione del trapuntino sono anallergici e prodotti con materiali riciclati.
La confezione della fodera della struttura schienale/bracciolo e dei cuscini sedile e schienale è contraddistinta da un profilo e da morbide impunture d'ispirazione couture che conferiscono un'immediata sensazione di comfort grazie alla leggera curva dello schienale e del bracciolo.
Per aumentare la sofficità, la fodera dello schienale/bracciolo prevede una trapuntatura che accoppia la fibra termolegata di forte spessore con la tela di cotone bianca, alla fodera.
Il rivestimento della base strutturale è realizzato tramite fasce di tessuto o pelle, lavorate con la stessa tecnica usata per il sistema di sedute Connery, cucite tra loro tramite fettucce e caratterizzate da accurate cuciture rifinite a mano.
Piani d'appoggio: il sistema di sedute prevede la possibilità di avere per alcuni elementi un top in stratificato di MDF e alluminio, spessore mm 18, impiallacciato in frassino laccato a poro aperto color Moka o tinto a poro aperto color Tabacco, disponibile in diverse dimensioni e configurazioni.
Cuscinatura: imbottitura cuscini sedile e schienale in piuma d'oca canalizzata ad alto spessore, per conferire grande sofficità ed aumentare il comfort, sottoposta a regolare trattamento di bonifica igienico-sanitaria come stabilito dal Regolamento CE 1069/2009 (certificata Assopiuma, Etichetta Oro). Successivamente rivestiti da fibra termolegata traspirante accoppiata con tela di cotone bianca anallergica.
Cuscini sedile con inserto in poliuretano espanso a quote differenziate ad alta resilienza, rivestito nella parte superiore con materiale poliuretanico termosensibile. Cuscini schienale con inserto centrale in poliuretano espanso a quote differenziate ad alta resilienza in materiale anch'esso termosensibile e sagomato per adattarsi perfettamente alla raffinata e funzionale conformazione dello schienale imbottito.

Structure: seat in metal-reinforced plywood. The seat structure is padded with high-resilience, variable-density polyurethane foam with high-rubber-content elastic webbing to maximize comfort.
The plywood armrest and backrest structures are covered in high-resilience, variable-density polyurethane foam, then encased in breathable heat-bonded polyester quilted fibre laminated to white cotton fabric.
All of the materials employed in manufacturing the quilting are hypoallergenic and made with recycled materials.
Tailoring of the backrest/armrest structure upholstery and of the seat and backrest cushions is distinguished by piping and couture-inspired soft top-stitching that convey an immediate sense of comfort, thanks to the slight curve of the backrest and armrest.
To increase fluffiness, the backrest and armrest upholstery has quilting that joins the thick heat-bonded fibre encased in white cotton fabric to the upholstery.
The structural base is sheathed in strips of fabric or leather, tailored using the same techniques used in the Connery seating system, stitched together using laces embellished with fine hand-finished stitching.
Table-top surfaces: the seating system includes the option of a top laminated MDF and aluminium, for some elements, 18 mm thick, in ash veneer with open pore Moka colour lacquer finish or open-pore Tobacco colour stain, available in various sizes and configurations.
Cushions: seat and backrest cushions, padded in high-loft channelled goose down to lend greater softness and increase comfort, undergo routine sanitization as specified in EC Regulation No. 1069/2009 (Assopiuma certified, Gold Label). They are then encased in breathable heat-bonded fibre laminated to white hypoallergenic cotton fabric.
Seat cushions with high resilience, variable-density polyurethane foam insert are covered in the upper part with temperature-sensitive polyurethane material.
Backrest cushions with core insert in high-resilience, variable-density polyurethane foam in material that is also temperature-sensitive and contoured to adapt perfectly to the sophisticated, functional shape of the upholstered backrest.

Struktur: Sitzfläche aus Sperrholz mit Metallverstärkungen. Polsterung der Struktur aus PU-Schaum mit differenzierter, hoher Dichte und mit Federung durch elastische Riemen mit hohem Kautschukanteil für angenehm weichen Sitzkomfort.
Armlehnen und Rückenlehnen aus Sperrholz mit Polsterung aus PU-Schaum mit unterschiedlicher Dichteverteilung und einer weiteren gesteppten Polsterung aus atmungsaktiver, thermofixierter Faser mit Bezug aus weißer Baumwolle.
Alle, für die gesteppte Polsterung verwendeten Materialien sind antiallergisch und bestehen aus recycelten Materialien.
Die Konfektionierung des Bezug der Struktur von Rücken- und Armlehne und der Sitz- und Rückenkissen zeichnet sich durch ein Profil und weiche Steppnähte aus, die sich an der Haute Couture inspirieren und mit der leicht geschwungenen Rücken- und Armlehne ein unmittelbares Gefühl von Komfort vermitteln. Um den Sitzkomfort zu erhöhen, ist der Polsterung der Rücken- und der Armlehne mit einer Steppung ausgeführt, die die thermofixierte, sehr dicke Faser mit Bezug aus weißer Baumwolle mit der Polsterung verbindet.
Der Bezug der Basis ist in Stoff- oder Lederstreifen ausgeführt, die mit der gleichen Technik verarbeitet werden, die auch für das Sofasystem Connery verwendet wird und durch sorgfältige, von Hand ausgeführte Nähte charakterisiert ist.
Ablageflächen: Das Sofasystem sieht für einige Elemente eine Ablagefläche aus MDF-Schichtholz und Aluminium, Stärke 18 mm vor, in der Ausführung Eschenholzfurnier offenporig lackiert in der Farbe Mokka oder gebeizt in der Farbe Tabak, die in verschiedenen Abmessungen und Konfigurationen erhältlich ist.
Kissen: Rückenkissen und Sitzkissen mit gesteppter Daunenfüllung mit Kammern und Innenstegen mit hoher Stärke für weiche Kissen und mehr Sitzkomfort, die nach Vorgabe der Verordnung (EU) 1069/2009 (zertifiziert Assopiuma, "Goldenes Etikett") ordnungsgemäß sterilisiert worden ist. Zusätzliche Polsterung aus atmungsaktiver, thermofixierter Faser mit Bezug aus weißer, antiallergischer Baumwolle.
Sitzkissen mit zentralem Einsatz aus hochwiderstandsfähigem PU-Schaum mit differenzierter Dichte mit Polsterung auf der Oberseite mit thermosensitivem Memory-Schaum.
Rückenkissen mit zentralem Einsatz aus hochwiderstandsfähigem PU-Schaum mit differenzierter Dichte, der ebenfalls thermosensitiv und geformt ist, um sich perfekt an die elegante und funktionelle Form der gepolsterten Rückenlehne anzupassen.

Structure : assise en multiplis avec renforts métalliques. Préparation de la structure en mousse polyuréthane à densité différenciée haute densité et sangles élastiques à haute teneur en caoutchouc, afin de garantir un plus grand confort d'assise.
Accoudoirs et dossiers en multiplis, recouverts de mousse polyuréthane à densité différenciée, puis recouverts d'un tissu multicouche matelassé en fibre de polyester thermoliée respirante et toile de coton blanche.
Tous les matériaux utilisés pour la réalisation du tissu multicouche matelassé sont hypoallergéniques et fabriqués à partir de matériaux recyclés.
La confection du revêtement de la structure dossier/accoudoir et des coussins de l'assise et du dossier est caractérisée par un cordon et par des surpiqures souples d'inspiration couture qui procurent une sensation immédiate de confort due également à la légère courbure du dossier et de l'accoudoir.
Pour augmenter le moelleux, le revêtement du dossier/accoudoir est doublé d'un tissu multicouche matelassé en fibre thermoliée de forte épaisseur et toile de coton blanche.
Le revêtement du piètement est réalisé avec la technique utilisée pour le système de sièges Connery, à l'aide de bandes de tissu ou de cuir cousues entre elles moyennant des rubans et caractérisées par des coutures soignées et finies à la main.
Tablettes : le système de sièges offre la possibilité de disposer, pour certains éléments, d'une tablette en MDF stratifié et aluminium, de 18 mm d'épaisseur, plaquée frêne laqué à pores ouverts couleur Moka ou teinté à pores ouverts couleur Tabac, disponible en différentes tailles et configurations.
Coussins : rembourrage des coussins d'assise et de dossier en plume d'oie cloisonnée de forte épaisseur pour apporter beaucoup de moelleux et augmenter le confort, soumise à un traitement d'assainissement conformément au règlement CE 1069/2009 (Certifiée Assopiuma, Label Or). Par la suite, ils sont recouverts d'un tissu multicouche en fibre thermoliée respirante et toile de coton blanche hypoallergénique.
Coussins d'assise avec insert en mousse polyuréthane à densité différenciée haute résilience, recouvert sur le dessus de matériau polyuréthane thermosensible.
Coussins de dossier avec insert central en mousse polyuréthane à densité différenciée haute résilience, également thermosensible et façonné pour épouser parfaitement les formes raffinées et fonctionnelles du dossier rembourré.

Minotti

Sfoderabilità: struttura, cuscini sedile e schienale completamente sfoderabili in tutte le versioni (tessuto o pelle).
Basi: portanti, in estruso di alluminio verniciato lucido anti-touch color Bronzo o Peltro.
Scivolante protettivo in polietilene di colore bronzo o nero, in abbinamento alla finitura scelta per la base.

Per permettere la sfoderabilità, gli elementi schienale/bracciolo e i piani d'appoggio (ove presenti) sono facilmente sfilabili dalle loro sedi agendo sulle apposite manopole poste sotto la struttura portante. Questa operazione, in casi necessari, può essere eseguita anche per agevolare il trasporto e la consegna.

AVVERTENZE SULLA CONFEZIONE DELLA FODERA
A) Rivestimento tutto in tessuto o in pelle;
B) Rivestimento della base in pelle cat. Nature, cuscini sedile e schienale in tessuto.

POGGIATESTA
Realizzato in multistrato rivestito in poliuretano espanso ad alta densità, successivamente rivestito con fibra termolegata traspirante accoppiata con tela di cotone bianca. Per migliorare l'aderenza dell'elemento alla seduta, all'interno della fascia, in corrispondenza del cuscino sedile, è stato inserito un contrappeso.
La fodera può essere realizzata a scelta nei tessuti o pelli a campionario, qualora non venisse specificata all'atto dell'ordine verrà coordinata al rivestimento del divano.
Tessuto antiscivolo sul fondo.
Completamente sfoderabile.

Covers: upholstery for the structure, seat and backrest cushions is completely removable in all versions (fabric and leather).
Bases: weight-bearing, in extruded aluminium with varnished polished anti-fingerprint Bronze or Pewter colour finish.
Bronze or black colour protective polyethylene glides to match the base finish.

For removal of upholstery, the backrest/armrest elements and table-tops (where included) can easily be lifted out by releasing the levers located underneath the support structure. If needed, this operation can also be used to facilitate shipping and delivery.

INFORMATION REGARDING UPHOLSTERY AND COVERS
A) All-fabric or all-leather upholstery;
B) base upholstered in cat. Nature Leather, seat and backrest cushions in fabric.

HEADREST
Made of plywood coated in high-resilience polyurethane foam, then sheathed in breathable, heat-bonded fiber laminated to white cotton canvas.
To improve adherence of the element to the seat, a counterweight is inserted inside the fabric strip where it meets the seat cushion. Headrest upholstery can be chosen from among the fabric or leather in the sample books; if not specified at the time the order is placed, it will be matched to the sofa upholstery.
Non-slip fabric on the bottom.
Cover completely removable.

Abziehbarkeit: Struktur, Sitzkissen und Rückenkissen sind in allen Versionen (Stoff oder Leder) komplett abziehbar.
Basis: Tragende Kufen aus extrudiertem Aluminium mit glänzender Anti-Touch-Lackierung in der Farbe Bronze oder Zinn.
Schutzgleiter aus Polyethylen in der Farbe Bronze oder Schwarz in der gleichen Ausführeng wie die Kufen.

Für das Abziehen der Bezüge können die Rückenlehnen und Armlehnen und die Ablageflächen (falls vorhanden) mit Hilfe der speziellen Drehknöpfe unter der tragenden Basis leicht aus ihren Sitzen gezogen werden. Bei Bedarf kann diese Möglichkeit auch genutzt werden, um den Transport und die Lieferung des Sofas zu erleichtern.

HINWEISE ZUR KONFEKTIONIERUNG DES BEZUGS
A) Bezug komplett aus Stoff oder Leder.
B) Bezug der Basis aus Leder der Kat. Leder Nature, Sitzkissen und Rückenlehne mit Stoffbezug.

KOPFSTÜTZE
Aus Sperrholz mit Beschichtung aus PU-Schaum mit hoher Dichte, Polsterung mit atmungsaktiver temperaturregulierter Faser und Bezug aus weißer Baumwolle.
Damit die Kopfstütze perfekt an der Sitzfläche anliegt, befindet sich im Band auf Höhe des Sitzkissens ein Gegengewicht. Der Bezug kann auf Wunsch mit Stoff oder Leder aus der Musterkollektion ausgeführt werden. Wenn bei der Bestellung keine Angaben gemacht werden, wird der gleiche Bezug wie für das Sofa verwendet. Rutschfestes Gewebe am Boden des Elements. Komplett abziehbar.

Déhoussage : structure, coussins d'assise et de dossier entièrement déhoussables dans toutes les versions (tissu ou cuir).
Piètements : portants, en aluminium extrudé peint couleur Bronze ou Étain brillant anti-traces de doigt.
Patins glisseurs en polyéthylène de couleur bronze ou noire, selon la finition choisie pour le piètement.

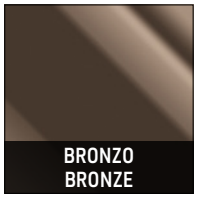

Pour permettre le déhoussage, les éléments dossier/accoudoir et les tablettes (le cas échéant) sont faciles à retirer de leur logement en tournant les poignées prévues à cet effet et situées sous la structure portante. Si nécessaire, cette opération peut également être effectuée pour faciliter le transport et la livraison.

PRÉCISIONS CONCERNANT LA CONFECTION DU REVÊTEMENT
A) Revêtement entièrement en tissu ou en cuir ;
B) Revêtement du piètement en cuir cat. Cuir Nature, coussins d'assise et de dossier en tissu.

APPUI-TÊTE
Fabriqué en multiplis recouvert de polyuréthane expansé haute densité, puis de fibre thermocollée respirante doublée de toile de coton blanche.
Pour améliorer l'adhérence de l'élément à l'assise, un contrepoids a été inséré à l'intérieur de la bande, au niveau du coussin d'assise.
La housse peut être confectionnée au choix dans les tissus ou les cuirs de la collection, elle sera assortie au revêtement du canapé si le choix n'est pas spécifié lors de la commande.
Tissu antidérapant sur le bas.
Entièrement déhoussable.
