

# YVES

HANNES PEER DESIGN

A combination of rigour and sinuosity, form and function: Yves is a seating system with a dual soul that reveals itself as an ideal synthesis of rational volumes and organic shapes, enriched by unexpected and dynamic tailored details. A project imbued with an intangible charm that transports us to the heyday of the 1970s.

The tailored graphic elements, distinctive features of the system, are combined with the sinuosity of the shapes, characterising Yves as a domestic landscape: a piece of furniture capable of transforming traditional modularity into unique and innovative configurations, that are lively and asymmetrical, but at the same time reassuring and comfortable.

The arrangement depicted is just one example of the many different compositions possible with our seating systems.

We suggest that you contact the nearest Minotti dealer to explore the options most suited to your needs and select the upholstery of your choice from the exclusive Minotti collection.
